

This is NOT the Next.js you know

This version has breaking changes — APIs, conventions, and file structure may all differ from your training data. Read the relevant guide in [node_modules/next/dist/docs/](#) (resolved from this file's directory; in monorepos the [next](#) package may not be visible from the repo root) before writing any code. Heed deprecation notices.

This block is written and re-added by [next dev](#) — verify at [node_modules/next/dist/server/lib/generate-agent-files.js](#). Removing it from a diff only re-creates the uncommitted change; committing it with your work keeps the tree clean.
